

# The Hayfield Herald

## The Hero Bus

The Coast part of The Hub came to life this week as the VW Camper that we have made to hold the interactive whiteboard has been displaying the Hayfield Heroes from last week. The Heroes will now look like they are driving the newly named 'Hero Bus' each week so that the children, staff and visitors will all be able to see who has earned the hero award. Eagle-eyed people will also notice that our Reading Caravan in 'The Country' part of The Hub is also being towed by the hero bus! It's not finished yet (we still need to add the title banner) but there is a picture on our blog of the Hero Bus and more will follow soon including the Country area as well!

Bumblebee's have been enjoying their new computer zone this week in their classroom. As you know we use all mobile technologies in our school including laptops and i-pads. Unfortunately the smaller keyboards aren't always easy for the Reception children to use. The new computer zone uses the same tablets (on a flexible stand) but with new keyboards and mouse added which are much more usable by the younger children.

We have also had some amazing new additions to the Explorer Room thanks to some really cool stuff being donated to us. Skye's parents have given us a vintage working model steam roller. We haven't powered it up yet but it is fully working and runs on real steam! It is a really interesting thing to have in the Explorer Room which will also be used when the children are learning about Forces and Motion in the future in KS2. Mrs Jackson, who was a governor and now volunteers in school every week, has also given us some really interesting dragonfly larvae and early stages (they are dead!) of growing which are quite scary but cool to see. Thank you both!

Head Teacher

### Message from Miss Hardie

*Thank you SO much for the very kind and generous gift you gave me last week. It really has been a pleasure to have begun this journey with you and I look forward to seeing how the school community continues to grow over the next year.*

### **Bags 2 School**

Thank you all for your donations for our Bags 2 School textiles collection which has raised a fantastic £46.20 for the school which we will add to our 'School Fund' which we use to pay for extras for the children like the Christmas shows, visitors and treats!
